About the Allen J. Ogden Community Garden

Our Mission

To provide garden plots to members of Green Valley Gardeners wishing to learn about and demonstrate successful vegetable gardening in the desert southwest.

Allen J. Ogden Community Garden

Located in Sahuarita, the fenced garden consists of 21 plots each 10 by 40 feet, tool sheds and a produce washing area. Garden equipment, including rototillers, is shared by the plot holders. Gardeners pay for water available at each plot.

The community Gardeners Provide:

Food for the Needy. Members grow produce for their own use and to donate to our community food banks.

Art and Color. Whimsical artwork and bright colors add fun in the garden.

Gardening for the Challenged. Raised beds make gardening easier for all ages.

Green Valley Gardeners

Membership Benefits

- Learn about gardening in the desert
- Meet interesting people
